

Project Design Phase-I Solution Architecture

Date	07 October 2022
Team ID	PNT2022TMID42281
Project Name	Smart solution for railways
Maximum Marks	4 Marks

Solution Architecture:

Solution architecture is the process of developing solutions based on predefined processes, guidelines and best practices with the objective that the developed solution fits within the enterprise architecture. Its goals are:

- Find the smartest solution to solve existing problems in railways.
- Describe the structure, characteristics, behaviour, and other aspects of the project.
- To consider all external factors that could have an impact on the development process.
